Israeli military commander Meir Biderman has [been](#) â??seriously woundedâ?? by Hezbollah during Israelâ??s war of aggression on Lebanon: he commanded a unit during the Gaza genocide that [murdered 6-year-old Hind Rajab](#) her family, and two paramedics sent to try to help them. Palestinian dispatchers had agreed safe passage for the ambulance.

The [Hind Rajab Foundation have filed a case](#) with the International Criminal Court over the brutal murder of Hind.

Hind Rajab murderer now the one who is â??severely weakenedâ??

In April, Biderman announced on Israe TV that he and his unit has â??severely weakenedâ?? Lebanese resistance. Since then, Israel has suffered heavy casualties from armed Lebanese â??FPVâ?? drones. Despite initial reports that the attack involved an improvised roadside bomb, one of the drones has now injured Biderman and two other occupation troops. The explosion inflicted serious head wounds on Biderman. His condition was critical, but Israeli media now claim he has been stabilised.

Itâ??s safe to say Biderman is not receiving much sympathy in responses on social media to news of his injury.
