Laura Loomer is one of the best-known, most fanatical US Israel mouthpieces. She is also one of the closest to the Trump regime and has [advocated](#) feeding immigrants to alligators. She is also one of the most odious. And in response to the [San Diego mosque shooting](#), she spewed out naked racism that would see her on trial had she â?? unthinkably â?? been a Muslim saying a quarter of the same about a synagogue attack.

Two fascist gunmen murdered three Muslims in the attack. Many US â??mainstreamâ?? media outlets somehow managed to make it about a nearby synagogue that was not attacked. But Loomer immediately wanted to doubt that the attack happened at all. Not just that â?? she claimed that those who attend it are evil would-be murderers and wanted the governmentâ??s deportation thugs set on the victims:

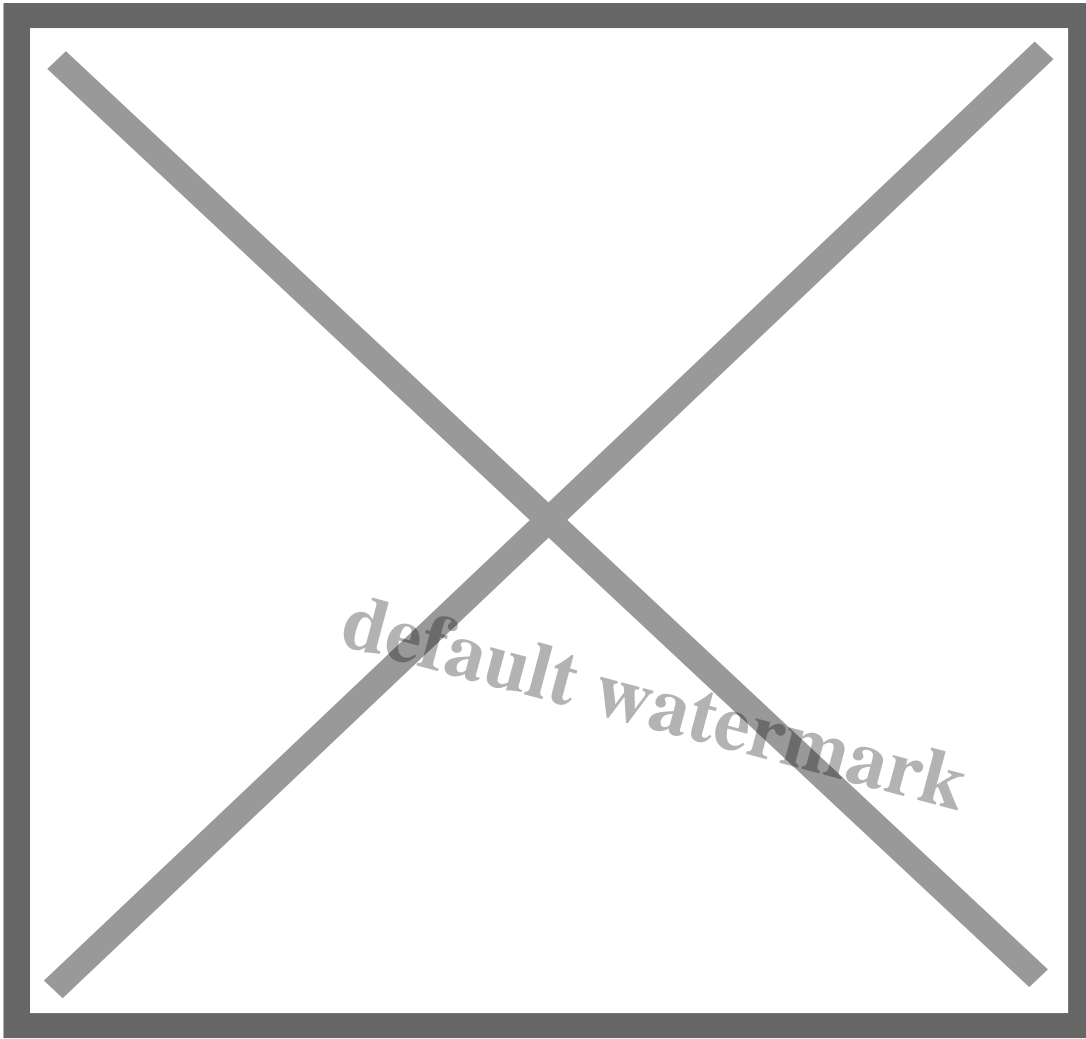

## Laura Loomer â?? safety through deportation

Loomer soon seemed to realise that denying the reality of the shooting was untenable even for her. But she dialled the hate up even further. This time, to â??keep Muslims safeâ??. she wanted every US Muslim deported. Imagine if some antisemitic race thug said that about US Jews:

In a country where the white majority are literally there through invasion and displacement of the native inhabitants â?? that applies to Loomerâ??s favourite place too â?? itâ??s Muslims who are the invaders, apparently. And now, according to Laura Loomer, the shooting was a â??false flagâ?? designed to get sympathy. Every [accusation is a confession](#)

## Not a one-off

This is anything but a one-off for Loomer. She has called for the “rounding up” of Muslims — again, a call that would see her immediately arrested if said about Jewish people:

And her hatred and gaslighting of Muslims dates back years:

Nor is Loomer unusual among the pro-Israel right â?? including in the US Congress and Senate:

Zionism is racism. The more fanatical an adherent, the more easily they slip into evil.
