

Trump humiliates Starmer and outs resignation

Description

default watermark

Donald Trump snapped midway through talking so he had a look like with his eyes closed and lips pursed

Donald Trump jumped the gun and confirmed Keir Starmer's [resignation](#) early, in a brutally casual humiliation of the soon-to-be-ex PM.

Trump [posted](#) on his Truth Social platform that [Starmer would quit](#) and, complete with shouty capitals, that Starmer had "failed badly" by not being even more racist and contemptuous of the environment.

Keir Starmer will resign as Prime Minister of The United Kingdom. He failed badly on two very important subjects - IMMIGRATION AND ENERGY (OPEN NORTH SEA OIL!). I wish him well! President DJT

Trump's behaviour shows Starmer has no further use

As he usually does, Trump has no hesitation in humiliating those who are no longer of any use to him, no matter how far up his loose back passage they have crawled.
